

# The New eSpring™ Water Purifier

## Clearly Better

Discover a new pathway  
to cleaner, better-tasting water!

### eSpring e3 Carbon Filter

Filtration starts by effectively reducing 170+ contaminants including micro-plastics, PFOA and PFOS, 19 pharmaceuticals, 1,2,3-TCP, and many more.

#### Three premium layers of water filtration:

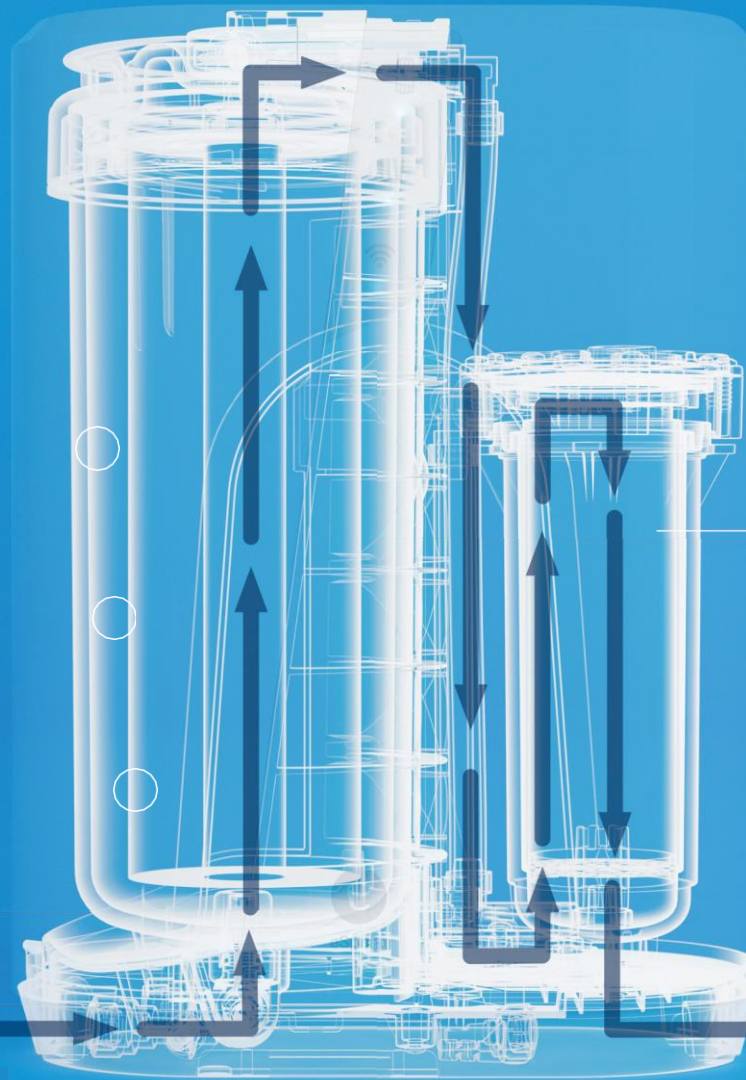

- 1. Pre-filter**  
Traps larger particulate (sediment, scale precipitate, iron particles and dust)

- 2. Defense Guard**  
Improves water clarity and captures fine particles (micro-plastics, asbestos, silt and cysts )

- 3. Carbon Block**  
Effectively reduces pharmaceuticals, VOCs, pesticides and PFOA / PFOS, down to 0.2 microns - 300-500x smaller than a human hair.

### UV-C LED Technology

Next, water moves through the innovative UV-C LED chamber.

UV-C LEDs emit high-energy ultraviolet light in the average 267 nanometer wavelength range, which is very effective at killing microorganisms such as bacteria, viruses, and waterborne cysts.

UV-C LEDs effectively destroy up to:

- 99.9999% of bacteria
- 99.99% of viruses
- 99.9% of waterborne cysts

#### UV-C LEDs:

- Are a chemical-free, sustainable way to disinfect water.
- Use no harmful byproducts, and do not affect water taste and odor.
- Use on-demand technology, for immediate filtration as soon as water starts flowing.

NSF/ANSI Standards 42, 53, 55 and 401

Water Quality Association Gold Seal

eSpring™

# The New eSpring Water Purifier

## Clearly Better

From the world's #1 selling brand of home water treatment systems\*, comes the New eSpring reimagined for today. It uses innovative UV-C LED technology and our e3 Carbon Filter\*\* to give you clean, safe, great-tasting water - every sip, every time.

\*Based on a Verify Markets study of 2022 global sales.

### Clean + Safe

Effectively reduces

**170+** contaminants,

including micro-plastics, PFOA and PFOS, and pharmaceuticals.

Effectively destroys\*\*\* up to

**99.9999%** of Bacteria

**99.99%** of Viruses

**99.9%** of Cysts

Retains  
beneficial minerals.

### Tested + Verified

First company to have a water treatment system with UV-C LED technology certified by NSF to NSF/ANSI Standard 55 for Class B microbial reduction.

### Connected

Introducing the new  
Amway Healthy Home App†

- ✓ Check filter life and water usage
- ✓ Order filters
- ✓ Watch how-to videos
- ✓ Get automated software updates

\*Available from 1<sup>st</sup> August 2024.  
Available Google Play & App Store

### Sustainable

One e3 Carbon Filter  
treats up to  
**5,000L**  
of water/year (average).

**10,000**  
Equal to 500mL  
plastic water bottles  
that might otherwise  
be discarded.

Uses  
**25%**  
less energy when  
actively in use  
compared to our  
previous model.

### Convenient

Easy 2-1-0  
filter changes

- 🕒 2 minutes
- 📅 1 time per year\*
- 🚫 0 tools needed

\* average
